What is DIY?

At The Barn we are a DIY wedding venue. What this means is that you are free to create the wedding of your dreams without being pigeonholed into a set package offered by us. One of our very first weddings here was a disco theme. Yep, we're talking disco balls ***everywhere***. Platform shoes, Elton glasses, velure, you get the picture. As we are DIY, you are free to choose the styling, catering, bar service, florals and every other little detail that you wish to create your perfect day.

We offer a range of dried florals, styling props and furniture that you are free to use, we only ask that everything is cleaned and put away after you are done with it. If this doesn't suit, you can engage a stylist and florist to help you. You can find a complete list of our favourite vendors on our website and if you are curious about the benefits of a DIY wedding, check out our blog post on the subject [here](#)
